RC Track Complex

Mandan
Parks & Recreation

The aim of the Mandan RC track complex is to offer the public a place to host organized RC race events as well as a place to practice and have fun with RC cars. The track will be open to the public for practice when race events are not in progress. The Mandan RC track complex will contain two tracks, one offroad clay track as well as a dirt oval track.

Sponsorship Opportunities

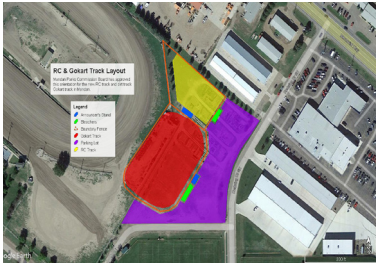

The sponsor who gives the largest donation by 3/31/23 will get their choice to name the drivers stand or concessions stand, second largest donation will name the other.

\$5,000 +
name on donor wall + small sign on concessions building + sign in front of bleachers + large sign bordering race track on fence

\$2000 - \$4999
name on donor wall + small sign on concessions building + sign in front of bleachers

\$600 - \$1999
name on donor wall + small sign on concessions building

\$599 and lower
name on the donor wall

Project Description

The Mandan RC track complex will be constructed to host organized race events on the offroad clay and dirt oval tracks. Timing systems will be installed as well as speaker systems to allow for a fully immersive racing experience for racers and spectators alike. Each track will have a driver's stand from which the drivers will have an elevated and unobstructed view of the tracks. Seating areas for spectators will be situated at each track to allow the public to easily watch their favorite drivers. A concession stand will be constructed to provide food and beverages to drivers and spectators alike. There will be electrical hookups in the pit areas to allow drivers to charge their RC batteries. Initial plans will be to host a league night once or twice a month during the week and host one race event per month on a weekend from April - September.

Timeline

Bid: February - March 2023

Approve Bids: April 2023

Construction Begins: May 2023

Completion: Summer 2023

Cost

Total Estimated Cost: \$36,000
